

DEPARTMENT OF JUSTICE

NOTICE OF LODGING OF PROPOSED CONSENT DECREE  
UNDER THE  
CLEAN AIR ACT (“CAA”)

On March 28, 2013, the Department of Justice lodged a proposed Consent Decree (“Decree”) with the United States District Court for the Eastern District of Virginia in the lawsuit entitled *United States and Commonwealth of Virginia v. Honeywell Resins & Chemicals LLC*, Civil Action No. 3:13CV193.

In this action the United States and the Commonwealth of Virginia filed a complaint against Honeywell Resins & Chemicals LLC (“Honeywell” or “Defendant”) seeking injunctive relief and civil penalties under Section 113(b) of the Clean Air Act (“CAA” or “the Act”), 42 U.S.C. § 7413(b) and Virginia State Air Pollution Control Law, Virginia Code § 10.1-1300 et seq., and attendant regulations, for the Defendant’s alleged violations at the chemical manufacturing facility operated by Honeywell (“Honeywell Plant” or “Facility”) located in Hopewell, Virginia. The Defendant operated and/or continues to operate the Facility in violation of various provisions which include failing to meet certain emission limits and operating parameters and failing to comply with certain requirements for testing, monitoring, recordkeeping and reporting. The Consent Decree requires Honeywell to implement enhanced leak detection and repair protocols, conduct a third-party audit to address benzene waste emissions, and install pollution control equipment to control nitrogen oxide emissions from the Facility. The Decree also requires the Defendant to pay the sum of \$1.5 million dollars cash, including interest, to the United States as a civil penalty and \$1.5 million dollars cash, including interest, to the Commonwealth as a civil penalty.
